Please see that personnel in your area who handle business and fiscal matters receive a copy of this package immediately to ensure that this information can be reviewed.
SECTION I:
DEFINITIONS & GENERAL INFORMATION

Definition of Old Year Expenditures

Old year expenditures are defined as those for which service was completed or goods received by: June 30, 2016 and invoices received by: July 6, 2016 at Close of Business. Any expenditure that meets the above criteria must be posted to the 2015-2016 fiscal year. These transactions must be approved for payment and submitted to the appropriate unit no later than: Close of Business on July 6, 2016.

Receiving

Receiving, either on-line or manual, on any old year service or transaction associated with a purchase order must be performed in the MAP system by June 30, 2016 in order to have the transaction posted in the old fiscal year. If the order is placed in Mountaineer Marketplace, the online receiving must be completed in Mountaineer Marketplace by June 30, 2016 in order to have the transaction posted in the old fiscal year. The date on the receiving header document in MAP defines the fiscal year the transaction is posted. Therefore, if the merchandise or service was received in the old year, it is imperative that the receiving be done immediately to ensure proper accounting and posting. Please look at service, rental and lease agreements that should be posted to old year and perform appropriate receiving on-line.

DO NOT WAIT UNTIL YOU HAVE RECEIVED THE INVOICE TO PERFORM YOUR RECEIVING.

IMPORTANT NOTICE: Prepayment of goods or services is a violation of WV State Code.

DO NOT perform on-line or manual receiving and request an invoice be processed for payment if you have not received the goods or services.

General Processing

Please note that the cut-off dates refer to the dates when the applicable information is to be received by the appropriate unit, e.g., Procurement, Contracting, and Payment Services. As each date approaches, we would advise you not to use mail service, but hand-deliver, where applicable, the information to the appropriate unit. Better yet, do not wait. The sooner old year items are submitted the less likelihood of delays.

Please start to clean up open orders, open invoices, etc. Remember that we may discover problems with your transaction. The more time you have to correct a problem, the more likely it will be recorded and paid properly.

As a general reminder to Intra-University Selling Units, please pay close attention to orders on Centrally Allocated/Appropriated funds. Spending Units should begin close tracking of projects/orders funded with reverting funds. These documents should be marked in the upper right corner, in RED ink, Reverting Funds or if the revised form is being used, check mark in the yes/no (as applicable) reverting fund area on form.
SECTION II:
PURCHASE ORDERS & POSTAGE, COMPUTER REPAIR, TELEPHONE & PCARD CHARGES

Purchase order roll

All open purchase orders on non-grant budgets will be automatically continued into the 2016-2017 fiscal year. Any purchase orders that should not be continued should be cancelled in 2015-2016. The OPEN ORDER BY COST CENTER report, which can be run from the AP/PO Inquiry responsibility, will show any POs that are currently open. Please note: requestors are encouraged to process all new fiscal year purchase orders in Mountaineer Marketplace.

SECTION III:
GENERAL UNIVERSITY
OLD YEAR OVER EXPENDITURES, BUDGET ROLL, & CENTRALLY CONTROLLED RESOURCES

General University - Old Year Over Expenditures

Any over-expenditure of General University Centrally Controlled Resources in the old fiscal year will result in a corresponding reduction of the Centrally Controlled Resources budget in the new fiscal year.

General University - Budget Roll Forward

One of the outcomes of the SWOT Team effort is to revise the budget roll-forward process as it has occurred in the past. A new “Gainsharing” Program will be used for the end of the 2015-2016 fiscal year, which will split unspent General University Centrally Controlled Resources balances between the unit and Central Administration. Certain types of budgets, such as Faculty Start-up budgets, will still be rolled prior to the unspent budget calculation. A return to the unit as a result of the new “Gainsharing” process is contingent on the unit having sufficient unspent budget in General University Centrally Controlled Resources at the overall unit level at year end. General University Centrally Controlled Resources can be identified by a fund number with an 1110 prefix. More details on the “Gainsharing” program will be made available in the future.
SECTION IV:  
HEALTH SCIENCES CENTER  
OLD YEAR OVER EXPENDITURES, BUDGET ROLL, & CENTRALLY CONTROLLED RESOURCES  

Health Sciences Center – Old Year Over Expenditures  

Any over-expenditure of Centrally Controlled Resources (Health Sciences Center) in the old year will result in a corresponding reduction of the Centrally Controlled Resources budget in the new fiscal year.  

Health Sciences Center – Budget Roll Forward  

Expense budgets for Centrally Controlled Resources will not automatically be re-established in the new fiscal year in support of purchase orders carried into the new fiscal year (see Section II: Purchase Order Roll). Any purchase orders funded on Centrally Controlled Resources that are carried into the new fiscal year must be funded by the unit’s new fiscal year budget.  

Expense budgets for Non-Centrally Controlled Resources will not automatically be re-established in the new fiscal year but may be re-established by the budget unit through the budget adjustment process utilizing the Oracle system. This process will be coordinated through the appropriate Dean’s office with final approval from the Office of the Chief Financial Officer at the Health Sciences Center.  

If additional information is needed, please feel free to contact the Office of the Chief Financial Officer at the Health Sciences Center at 304.293.7304.
